Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

PETITION TO WITHDRAW HOLDING OF ABANDONMENT BASED ON FAILURE TO RECEIVE OFFICE ACTION (MPEP 711.03(c) II and 37 CFR § 1.181)

Commissioner for Patents:

The above-identified application was abandoned for failure to timely and properly reply to a Notice of Allowance mailed December 31, 2003, as shown in the U.S. Patent and Trademark Office PAIR database.

Applicant failed to respond because the original Notice of Allowance and Issue Fee Due was never received. A search of the file jacket and docket records indicates that the Office Action was not received. Applicant hereby provides the following statement of facts in support of applicant's request to reinstate the application.

The following are the procedures at Seed Intellectual Property Law Group PLLC for processing mail and docketing USPTO due dates:

- a. Mail is received in the office; all USPTO correspondence is sent directly to the docketing department;
- Docketing personnel make an independent review of the documents and produce an independent calculation of due dates (without the use of a computer);

- c. Docketing personnel enter the base date (date mailed from USPTO) into our Computer Packages Inc. (CPI) database and select the appropriate template from the CPI system with the required date calculations programmed for each template;
- d. Docketing personnel compare the independent calculation date with the
 CPI-generated date for accuracy;
- e. Docketing personnel forward a copy of the "print screen" with all due dates listed, along with the USPTO correspondence, to the assigned legal assistant;
- f. The legal assistant reviews the docketing department's due date and enters the Office Action onto the legal assistant's desk calendar; and
- g. The legal assistant enters the USPTO correspondence into the appropriate file and updates the file index, listing the date the correspondence was mailed from the USPTO and the date a response is due.

Enclosed are copies of records from our docketing department showing all actions/reminders for US matters entered into CPI with a base date of December 31, 2003, as well as a copy of records showing all actions for US matters with a due date of March 31, 2004, the due date for payment of the Issue Fee in the present application. We have redacted the serial numbers and filing dates of the various matters in the attached docket reports. This was done in the interest of protecting client confidentiality, and in accord with the requirements of the U.S. Patent Office's own ethical canons. We identify our matters by an attorney docket number. The subject application (U.S. Patent Application No. 09/551,973) is identified by attorney docket number 830053.410, as indicated in our previous correspondence with the Patent Office. This number does not appear on the docket reports for the days in question.

After a thorough review of our docketing department's records, the legal assistant's desk calendar, the file, and the file index, I believe that the Notice of Allowance mailed December 31, 2003, was not received in our office at any time.

In addition, in reviewing the present application's Image File Wrapper in the U.S. Patent Office's PAIR database, we note that there are two entries for a Notice of Allowance on

December 31, 2003. One of the entries contains three pages, namely, a Notice of Allowance, Form PTOL-85, and a Determination of Patent Term Adjustment. These three pages, however, relate to a different patent application. They also list the mailing address of a different law firm, namely, Ohlandt, Greeley, Ruggiero & Perle, L.L.P.

The second entry on December 31, 2003 in PAIR, contains three pages relevant to the present application. One of those pages is a Notice of Allowability, and the other two pages are the Examiner's Amendment and comments. These three pages, however, do not contain any indication of where they were sent, and the undersigned presumes that they were sent to the wrong law firm as noted above.

As applicant never received the Notice of Allowance, it is respectfully requested that the application be reinstated. Applicant also respectfully requests that a new and correct Notice of Allowance be generated and sent to applicant, giving the applicant a new deadline to pay the issue fee.

Applicant believes that no fee is due by way of this Petition; however, the Director is authorized to charge any fees that may be due to our Deposit Account No. 19-1090.

If questions remain, the commissioner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,

SEED Intellectual Property Law Group PLLC

Lorraine Linford
